

I would like the FCC to not allow the LPFM to take priority over radio stations like K-LOVE. This station is an encouragement not only to my family but to the customers that come to my wife's business. Without this station, it will have an adverse effect upon each and everyone of use. This station gives us an alternative to the other stations. It is an uplifting station that has been a blessing to all of those who hear this station. It would be a disservice to this community if this station was not allowed to transmit its signal on these translators to show God's love for everyone and encouragement during difficult time. It would also be taking away the right to those who donate money to hear this station. So I urge you not to allow this to happen to this station and any others that it may affect.

Thank you.
